

We K-LOVE radio listeners in Tucson have very few christian music stations to choose from. K-love 100.9 100.5 is the only station that I do not have to worry about, in what my family hears, there is quality in what is played, moral values spoken. Losing 100.9 100.5 to a LPFM would have a negative effect on Tucson, we need K-LOVE quality music over our city. People have there lives changed and enriched by God through this ministry. It is needed in our lives. Please let us keep it. Thank You David, Carol, Robert, Caitlyn, Sarah Loper.
